INTRODUCTION

Quiz Craze is a smart quiz platform built with React and Firebase. It empowers educators to create engaging tests and allows students to take them seamlessly. Ideal for classrooms, colleges, or any learning environment looking to assess knowledge effectively.

PROBLEM

- Teachers spend too much time manually creating and managing quizzes
- Students need quick feedback to improve learning
- Traditional tests lack instant result tracking
- Managing quiz history and scores is difficult without a system
- Need for interactive, secure, and digital assessment tools
- Existing platforms are either too complex or limited in functionality

TECH STACK

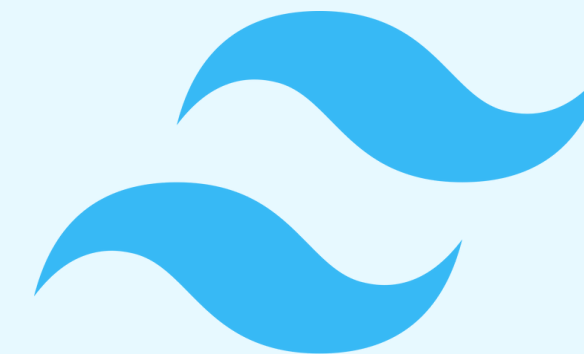

- Frontend: React, TailwindCSS, React Router
- Backend / Database: Firebase Auth, Firestore
- State Management: Zustand for global state persistence
- Form Validation: React Hook Form + Zod
- Icons & UI Components: Lucide Icons
- Built with modern responsive design principles

React

React State

Firebase

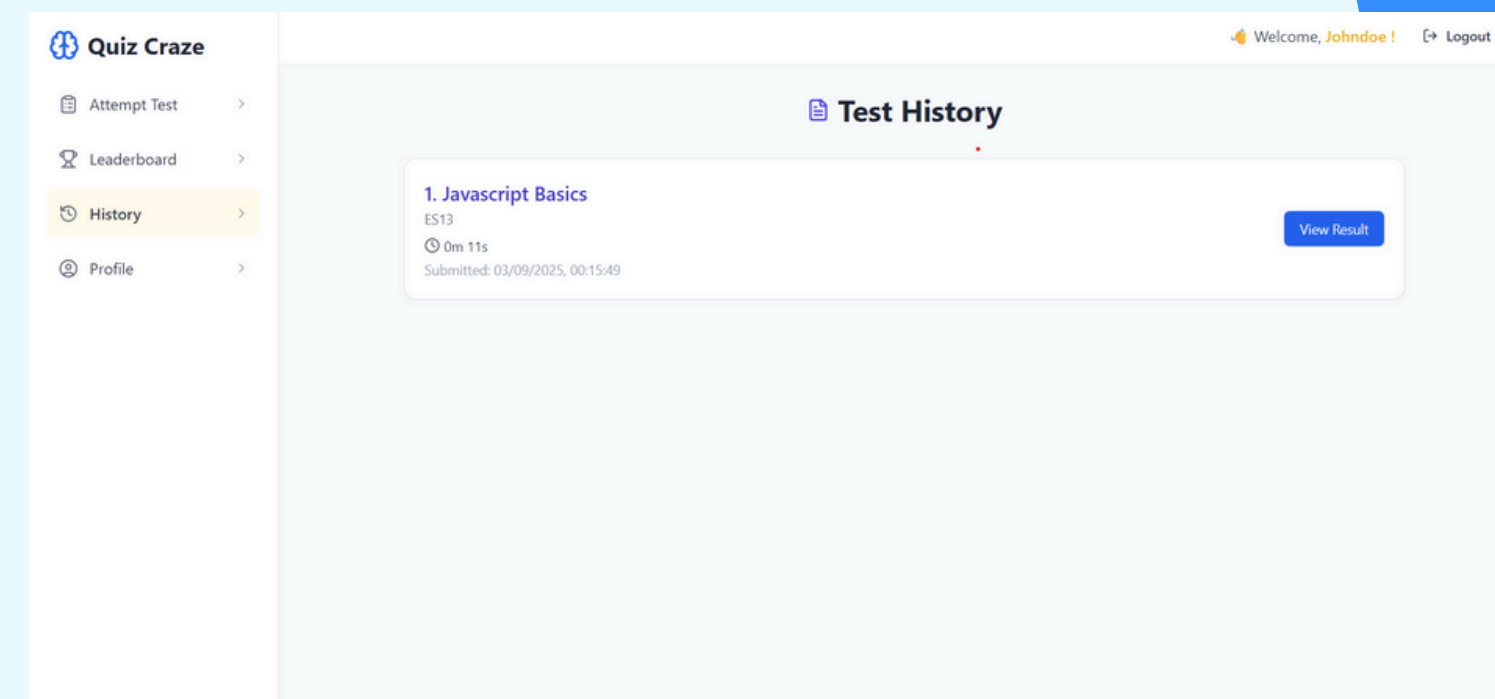

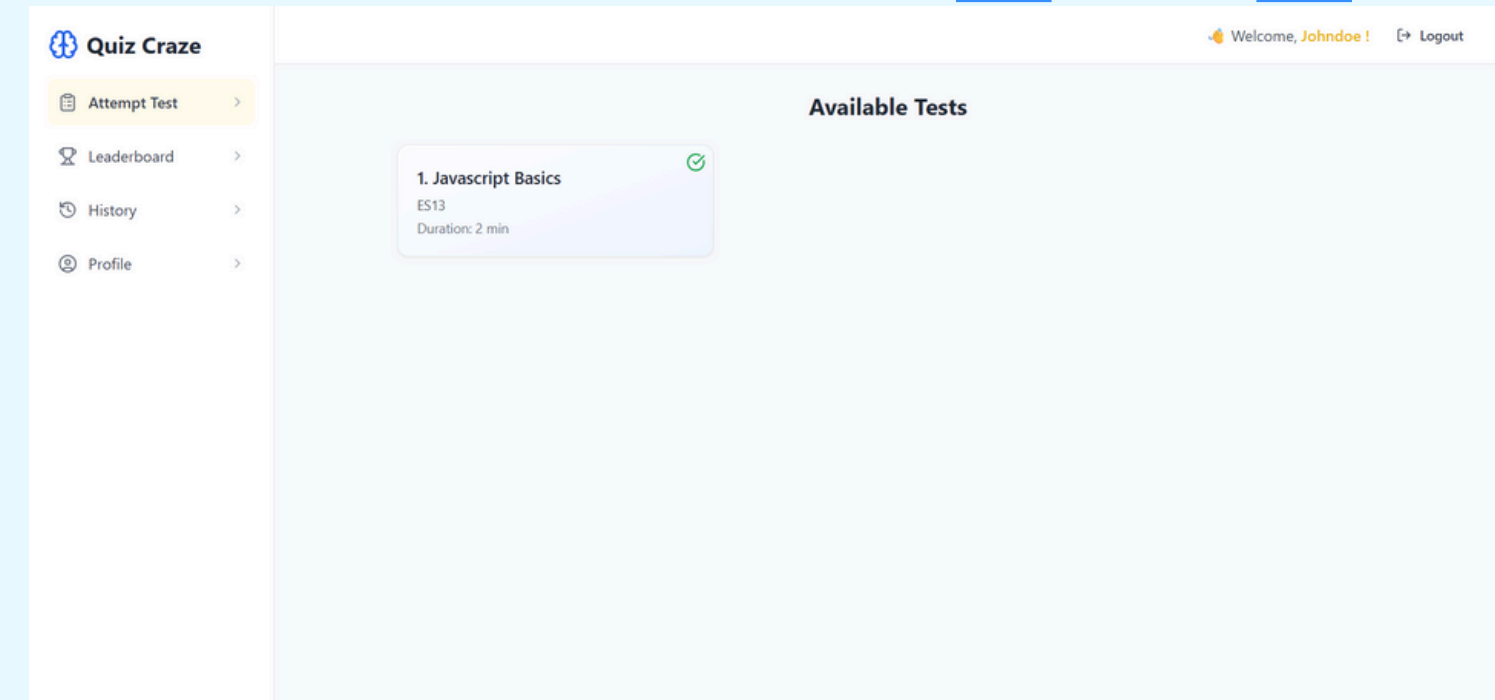

ADMIN FEATURES

- Create and edit quizzes with multiple questions
- Save quizzes for later use
- Monitor total users, quizzes, and activity
- View and manage student results
- Clear data with one click when needed
- Role-based access ensures only admins can manage quizzes

STUDENT FEATURES

- Sign up with Register Number, Email & Password
- Take timed quizzes with real-time answer saving
- Get instant results with correct answers highlighted
- Access previous quiz history (recent activity)
- Interactive UI makes quizzes fun and engaging
- View performance trends over time

QUIZ CREATION & MANAGEMENT

- Admin can generate quizzes quickly
- Questions support multiple-choice options
- Correct answers are highlighted automatically
- Quizzes can be saved for future reuse
- Students can attempt quizzes anytime
- System keeps track of attempts and scores

Students Attend

FUTURE ENHANCEMENTS

- AI-powered quiz suggestions & auto-generation
- Analytics dashboard for Admin to track student performance
- Support for more question types (e.g., fill-in-the-blank, matching)
- Mobile app version for easy quiz access on smartphones
- Enhanced security & role-based permissions

The background features several abstract geometric shapes in two shades of blue. In the top right, there is a small dark blue circle and a larger light blue semi-circle. On the right side, a light blue semi-circle is positioned above a dark blue semi-circle, with a light blue circle to its right. The bottom right corner contains a light blue semi-circle and a dark blue circle. The bottom left corner is decorated with a dark blue semi-circle, a light blue semi-circle, and a dark blue circle. A light blue semi-circle is also visible on the left edge.
